Birthday September 6, 1997

Experience

November Five • Front-End Development Internship

Antwerp • Februari 2018 – Present

As a part of the front-end team, I'm in charge of creating responsive web apps mainly in React.

Unifac • Development Consultant

Antwerp • September 2017 – Present

Creating HTML email signatures, mobile-friendly promowebsites and providing help in general.

Art Assistant • UI/UX Designer & Front-End Developer

Bruges • July 2017 – September 2017

Interface design and front-end for an art platform in Laravel using Vue.js, Sass, Webpack,...

... And some student jobs

At **Bartels**, **Tomorrowland**, **Autonatie**, **Serax** (Excel work), **Blondé** (proofreading) and **Carrefour**.

Education

Howest • Digital Design & Development

Kortrijk • 2015 – Present

Sint Ritacollege • ASO Economie Wiskunde

Kontich • 2009 – 2015

Skills

Professional Skills

Design I mostly design using **Sketch** but I know how to work with **Photoshop** and **Illustrator**.

Development HTML, CSS and JavaScript are my friends. I'm most comfortable coding in **React**.

Motion I've used **After Effects** and **Premiere Pro** for 2D animation and **Principle** for UI animation.
